PROFILE SUMMARY

MCA graduate (2025) and Marketing Analyst with hands-on experience in SQL, Python, Power BI, marketing performance analytics, and reporting automation. Experienced in consolidating multi-channel campaign data, transforming datasets, and building KPI dashboards to track advertising spend, lead generation, and campaign effectiveness. Strong foundation in data processing, database management, and software development, with an interest in scalable data pipelines and business intelligence solutions.

PROFESSIONAL EXPERIENCE

MARKETING ANALYST (Full-time)
Loans Jagat ***October 2026 - Present***

- Analyze multi-channel advertising data across Meta Ads, Google Ads, Microsoft/Bing Ads, and direct channels to monitor campaign performance. Monitor target vs. actual advertising spend, lead generation, budget utilization, and conversion trends.
- Use Python scripts and mapping files to consolidate campaign data and generate standardized marketing reports. Utilize MySQL, Python, and Power BI for data cleaning, transformation, KPI tracking, and campaign performance analysis.
- Work on Quora Ads and WhatsApp advertising campaigns, supporting campaign execution, performance monitoring, and analysis of key marketing metrics.

DIGITAL MARKETING INTERN-DATA ANALYTICS & BUSINESS INTELLIGENCE
Loans Jagat ***July 2026 - October 2026***

- Developed interactive Power BI dashboards to track marketing KPIs and campaign performance; queried and analysed data using MySQL for metrics such as target vs. actual spend and leads. Used Python for data cleaning, transformation, and preprocessing; built automated reports and visualisations to support data-driven marketing decisions.
- Worked on Quora Ads and WhatsApp campaigns, analysing campaign performance and preparing reports based on key marketing metrics. Integrated Meta, Google Ads, and Microsoft/Bing Ads data to consolidate campaign spend and performance metrics into a centralized reporting workflow.

WEB APPLICATION DEVELOPMENT INTERN
RAYS and TARANG Technologies LLP ***Aug 2025 - June 2026***

- Developed a full-cycle Retail ERP solution covering vendor management, inventory movement, sales operations, and finance reporting.
- Built an entity-relationship model with class-based design to handle purchase-to-sale workflows, reconciliation, and audit compliance.

PROJECTS

Employee Management System | *Java, Spring Boot, MySQL, REST APIs* ***Aug 2026***

- Built REST APIs with authentication, role-based access, and CRUD operations.
- Integrated MySQL using layered architecture.

Job Portal System with AI Chatbot | *Java, Spring Boot, MySQL, ReactJS* ***Apr 2026***

- Developed a job portal platform supporting recruiter and candidate workflows, including job posting and application tracking.
- Integrated REST APIs, search/filter functionality, and an AI chatbot for user support and query handling.

TECHNICAL SKILLS

Languages: Java, SQL, Python, JavaScript, HTML/CSS
Data & AI: Power BI, Data Analytics, ETL, Machine Learning, GenAI
Cloud & DevOps: Azure, AWS (Basic), Git, GitLab, VS Code, Postman
Software Engineering: SDLC, Agile, Scrum, Object-Oriented Programming, Data Structures & Algorithms
Databases: PostgreSQL, MySQL
Frameworks: ReactJS, Fast API, Spring Boot
Developer Tools: Git (Bitbucket), VS Code, Azure

EDUCATION

Amity University Noida sector-125
MCA CGPA– 7.94 *Aug 2023 – June 2025*
Amity University Noida sector-125
BCA CGPA – 8.38 *Aug 2020 – May2023*
